

Dear Friends,

We wish to express our **gratitude** for your cooperation in streamlining the city traffic.

Your city traffic police have taken significant strides like enhanced surveillance and stepped up enforcement to control traffic chaos on the roads.

We wish to serve you better through our 35 Enforcement Automation Centres located at your nearest Traffic Police Station and a main centre at the Public Utility Building on MG Road, functioning to support our enforcement initiatives.

All these centres play an important role in ensuring a convenient way for settling fines arising out of traffic violations. In case you are recorded for any traffic violation, the description of violation and fine for the same will be mailed to your address along with a request to settle the fine at any of these centres within 7 days **without fail**. You can also pay your fine at any of **Bangalore-One** outlet.

Some of you might have received such violation tickets by post. We request you to please pay the fine at the earliest; otherwise it'll be our obligation to send your violation report to the court. In that case, you'll have to be present before the court in person and pay the fine there.

Please note, a traffic violator can be fined up to Rs.500/- or imprisonment for 3 months or both at the court.

We are sure you will like to take the benefit of settling the fine in your neighbourhood rather than waiting for the court procedures to follow.

We also take this opportunity to advise you that in case you are selling your vehicle, please ensure that you transfer the ownership of the vehicle from your name to the buyers' name within 14 days of the sale. **This can be done at the RTO. If your vehicle is not transferred and it meets with a fatal accident or traffic offence or misused by terrorists or criminals, it might lead to problems for you. In such a case, since the vehicle is still in your name, the law will consider you as a culprit for the crime, which you might not be even remotely associated with.**

Always remember to inform the RTO about the sale of your vehicle.

You are most welcome to get in touch with us. Our enforcement helpline 22943381 is available all days of the week between 10:00 am and 6:00 pm or visit our website: www.bangaloretraffcpolice.gov.in/english

Let us all contribute to make the roads of Bangalore safe and free from traffic violations.

Best Regards,

Bangalore City Traffic Police
